

Received December 30, 2005

I am very happy with my procedure. I do not even have a problem with close-up reading! I have already referred my sister to you (she had it by Dr. Caro and is very happy as well). I have also recommended Dr. Caro to several other people/friends/acquaintances who want the procedure, but want a reference because they are hesitant. Thanks again, only four more payments and I am done.

Patrick Elliott
